Other Spray Products

PREMIUM 3-WAY

Product Code 418715J

2.5 gal

Active, 2,4-D, Mecoprop, Dicamba liquid. The most complete spectrum of control for broadleaf weeds available today.

TRANSFILM

Product Code 859076

2.5 gal

Is an improved antitranspirant that effectively reduces water loss of plants. Coating the leaves with a thin film of Transfilm can provide a water-impermeable barrier that reduces the water loss from transpiration.

ECO-RINSE TANK CLEANER

Product Code 11250239J

4 litre

Eco-Rinse has been manufactured to maximize cleaning and rinsing effectiveness while minimizing environmental impact. Designed to remove the widest spectrum of fungicides, herbicides and insecticide residues from all types of sprayers.

INDICATE 5

Product Code CDINDICATE

1 gallon

Indicate 5 is an adjuvant containing a unique pH indicator that turns the color of the spray water pink when the optimum pH range has been reached. Usage varies, but the average ranges from 1 teaspoon to 1 tablespoon per gallon of spray solution.

TRAXIT MARKER DYE

Product Code 10593039J

4 litre

Trax-it leaves a non-toxic, temporary blue spray pattern over areas you've just sprayed making spraying easier and more efficient.

VANISH ANTI-FOAM

Product Code DVANISH12C

32oz

Vanish is a nonionic anti-foam emulsion to reduce or eliminate unwanted foam during spraying applications.
