

# iQ Turf Type Perennial Ryegrass

(*Lolium Perenne* L)

## Description:

iQ is an Elite New Generation cultivar that has a very dark green color along with fine leaf texture and weather tolerance. iQ tied for best over-all turf quality in 2001 NTEP Perennial Ryegrass Program at 10 locations across Canada and the U.S.

## Characteristics:

- iQ Perennial Ryegrass tolerates full sun to light shade.
- Outstanding over-all disease tolerance.
- Excellent traffic tolerance.
- In pure stands, seed minimum 10 lbs per 1,000.
- Performs well in a wide range of soil types, pH range 5.5 - 8.0.

## Uses:

- iQ is an excellent choice for all Perennial Ryegrass applications including Home Lawns, Parks, Commercial Turf, Recreational areas, Sports Turf and Golf Course applications.
- iQ establishes quickly. Allow 5 - 7 days to germinate with favorable conditions. iQ is an excellent choice for all perennial ryegrass applications including bluegrass and fine fescue mixtures.
