

MIDNIGHT II

Kentucky Bluegrass (*Poa pratensis*)

A Low Mow Blue!

Category: Midnight-type

Seed count: approx.1,617,400

A collaboration of Pure Seed Testing and Rutgers University (NJAES), Midnight II is the long awaited true successor to the world's most popular and successful Kentucky bluegrass, Midnight. Featuring improved turf grass performance, a darker green color, and significantly improved wear tolerance, MidnightII is in the statistical group for overall turf quality in all three NTWP management regimes (2003 report).

- **Residential and Commercial turf • Sports Turf at or above .5"**
- **Sod Production • Parks / Recreational / Cemeteries**
- **Colf Course Fairways, Tees, Near Rough**
