

**Plant-Based
All Natural Organic-Based Fertilizer**

7-2-5

Greens

GENERAL INFORMATION

- **Natures' Time™** is a 100% natural organic turf fertilizer that contains no animal by-products or sludge.
- The controlled release nitrogen attributes are provided from plant proteins, amino acids, and polypeptide bonds that release nitrogen following bacterial degradation. Carbohydrates in simple and complex forms will also stimulate microbial activity.
- **Nature's Time™ 7-2-5** contains vitamins A, thiamine, riboflavin, niacin and ascorbic acid. The enhanced level of microbial activity will result in increased nutrient uptake and higher levels of natural humates.
- Low salt index, minimal leaching and volatilization makes **Nature's Time™** an ideal product for all turf applications.

GUARANTEED MINIMUM ANALYSIS

Total Nitrogen (N) **7.0%**

5.5% Water Soluble Nitrogen

Available Phosphoric Acid (P₂O₅) **2.0%**

Soluble Potash (K₂O) **5.0%**

* 5.5 units of slowly available nitrogen from soy-bean meal

Total Sulphur (S) **1.3%**

1.3% combined sulphur(S)

NUTRIENT SOURCES:

Soy-bean meal, alfalfa meal, rock phosphate, sulphate of potash

SUGGESTED SPREADER SETTINGS

To provide proper distribution, calibrate spreader before application.

Rate (lbs/N)	SGN	Accupro	Scotts R8
.25	100	01/2	O
0.5	100	P1/2	P

Settings calibrated to 100% overlap.

APPLICATION RATES:

Nature's Time™ 7-2-5

Packaged in 50 lb. (22.68 kg) bags.

	lb/1,000ft ²		kg/100m ²	
Nitrogen (actual)	.50	1.0	.25	.5
Material	7.2	14.3	3.48	6.96
Lb/acre	310	621		
Bags/acre	7.2	14.5

FEATURES

100% Plant-based Natural Organic fertilizer

7-2-5

Timed Release Nitrogen WIN

Uniformity index (UI) 50+

Non Burning, Low Salt Index

Carbohydrates

BENEFITS

Food grade (not a waste material). No potential for contamination from heavy metals or animal by products.

Balanced formulation.

Contains 7% W.I.N. in the form of protein, L-amino acids and polypeptide chains.

Narrow range of particle size provides excellent spreadability and blending attributes.

Safe to use on fine turf, ornamentals, excellent for use in seed beds.

Contains simple and complex carbohydrates that will further stimulate microbial activity.

DIRECTIONS FOR USE

- Apply **Tru-prill® 10-2-20** any time when the turf needs a fertilizer.
- Watering in is recommended to assist in working the product into the turf. Apply .50 inches (20 minutes) prior to mowing.
- When applying to finely mowed turf, mow for one day without buckets on dry turf.
- Allow 5-7 days before seeing a visual response from the application.
- Use a clean dry spreader. Do not leave unused product in a spreader for an extended period of time.

STORAGE REQUIREMENTS:

- Store in a clean, dry location.
- Partially used bags should be closed by folding over the open end and securing.
