

PERENNIAL

RYEGRASS BLEND

Top Varieties

Triumphant™ perennial ryegrass blend is a mixture of our best perennial ryegrass varieties. BrettYoung's perennial ryegrass lineup includes Dominator, Plateau, iQ, Citation III, and Passport. These highly ranked varieties combine to make a great package of turf quality and disease resistance.

Seeding Information

In most seeding applications, a rate of 8 – 10 lbs per 1,000 sq. ft. is recommended.

Adapted for Your Needs

Triumphant's genetic diversity makes for perennial ryegrass that can be tailored to your needs. Choose the right varieties to make Triumphant especially suited to your region and intended use. Whether you need resistance to gray leaf spot or red thread, increased traffic tolerance or drought tolerance, quicker establishment or spring greenup, BrettYoung has a mix of varieties that can bring out the best in your turf. Talk to BrettYoung about custom formulating Triumphant for your specific overseeding needs.
