

Coastal 4-Way Perennial Ryegrass Blend

Coastal 4-Way

Description:

Coastal 4-Way is specifically selected for the coast with cutting edge blending technology that makes for an irresistible turf for sports fields, home lawns, and elite golf courses. Coastal 4-Way contains the 4 top-ranked cultivars: Passport, IQ, Dominator, and Citation III perennial ryegrass, chosen for their over-all turf performance in coastal regions.

Characteristics:

- Light colored genetics that blend ideally with existing stands including those with high populations of *Poa annua*.
- High level of dollar spot resistance.
- Uniform fine leaf texture
- Strong disease package that provides excellent resistance to grey leaf spot, dollar, red thread and other turf diseases.
- Performs well in a wide range of soil types, pH range of 5.5 - 8.0

Establishment and Maintenance:

- For sports turf, seed 7 - 10 lbs per 1,000 square feet or 300 - 400 lbs per acre.
- Seed bed should be kept moist during germination and establishment.
- Germinates in 5 - 7 days under optimum conditions.
- First mowing 14 days after emergence.
