

STRONGHOLD ALFALFA

The Alfalfa Fortress

Stronghold is a high quality and high yield tap root alfalfa bred for winterhardiness and longevity. It offers excellent winter survival while providing aggressive late season regrowth and an outstanding disease package that will guarantee stand survival. Stronghold was selected for its top quality, persistence and yield for the dairy or hay producer looking to solidify their forage production and win the yield battle.

Yield Performance

Stronghold combines great defenses and quality strategies to win the war on yield.

Performance data from replicated trials in North America.

Forage Quality

VARIETY	NDF	NDFD	RFQ
Stronghold	38.8	44.6	155
54Q53	40.5	44.5	145
54Q56	41.1	43.4	140

VARIETY	TONS/ACRE	MEAN RFQ	MILK/ACRE
Stronghold	5.65	155	14,243
54Q53	4.71	145	11,729
54Q56	4.80	140	11,277

Winter Survival & Adaptation

Fall Dormancy	3.0
Winter Survival	1.3
Persistence Index	8.9
Disease Resistance Index	30/30
